

## RESILIENT EAST

Resilient East is about making sure Adelaide's eastern region remains a vibrant, desirable and productive place to live, work and visit, and that our businesses, communities and environments can respond positively to the challenges and opportunities presented by a changing climate.

## WHO WE ARE

We are a regional climate initiative between state and local governments in eastern Adelaide. Our partnership is between Campbelltown City Council, the Cities of Adelaide, Burnside, Norwood Payneham and St Peters, Prospect, Tea Tree Gully, Unley, the Town of Walkerville and the Government of South Australia.

## OUR GOAL

Our goal is to improve the resilience of communities, assets and infrastructure, local economies and natural environments so we can cope with the challenges and opportunities of climate change.

# RESILIENT EAST

*Climate Ready  
Eastern Adelaide*

## WORKING TOGETHER

There is strength in numbers. By collaborating, our region can deliver a coordinated response to climate change, and, by sharing information, resources, responsibilities and actions together we can achieve a Resilient East.

## JOIN US

We regularly work with people and organisations from all levels of government, NGOs, community groups, individuals and the private sector.

**We are getting climate ready and we'd love you to join us!**
